CLOSING DATE: 18 JANUARY 2019

Introduction/Background

Vinpro Foundation is a non-profit organisation which was established in 2013 by Vinpro. The Foundation was established to assist Vinpro, the South African wine industry and the greater agricultural sector to fund meaningful programmes primarily in the rural areas or to benefit rural communities and economies.

The Foundation has since positioned itself as a reliable investment vehicle for businesses to meet their Broad Based Black Economic Empowerment (B-BBEE) targets specifically in the Socio-Economic Development (SED), Skills Development (SD) and Enterprise Development (ED) elements.

Our focus areas are; ethical trade, harm reduction & early childhood development and leadership & skills development. We support projects that promote safe, productive livelihoods on farms.

Our core funding principles

Evidence –

We are looking for projects that can demonstrate the impact they have already had in the lives of farmworkers, farmers or wine consumers. For new project applications, there will need to be an indication of how the project will meet the needs of the wine and greater agriculture industry.

Best Practice –

The Vinpro Foundation seeks to promote best-practice by supporting solutions & projects that are recognised for excellence & results in their respective field of work.

Replicable –

We want to invest in excellent projects that can be replicated in the wine & greater agricultural industry.
